Message from The
President
Architects, Engineers &
Surveyors Association

It is a pleasure to know that Hyve India is organizing its 21st Edition of the Roof India, International Exhibition & Conference on the Roofing & Flooring industry during April 25th to 27th 2024 at Bengaluru International Exhibition Centre, Bengaluru, India along with every major construction trade association. Welcoming all the delegates, Exhibitors, and supporters to this wonderful Exhibition. The Roof India Exhibition is going to open new ideas and avenues for the construction industry in leaps and bounds.

AESA takes immense pride in association themselves with this Event and looks forward to the opportunities it will offer to all to explore the materials that form the roofs to the floors as well. As the President of the AESA Executive Committee, I wish to extend my warmest regards to the Hyve India Pvt Ltd. and Roof India Exhibition for conducting such an informatic exhibition and wish them all the success for their future events, as well.

The Architects, Engineers & Surveyors Association, Pune, is a unique body constituted 54 years ago in 1970, because of a growing need for all professionals in the construction industry to come together and join hands for the betterment of our cities. By partnering with such wonderful initiatives, AESA wishes to promote ethical practices & trustworthy vendors across the construction industry.

I offer my sincere compliments to all the industry leaders, participants and all the supporting organizations alongside the trade media for their cooperation to the organizers of Roof India.

(Parag Lakade)

Message from The
General Manager
Hyve India

It is a matter of immense pride for me to welcome you to the 21st edition of Roof India exhibition, which will be hosted from 25-27 April 2024 at the Bangalore International Exhibition Centre (BIEC) Bengaluru, India. Touted as Asia's largest exhibition on Roofing and Allied Industries, Roof India is co-located with a concurrent event - Floor India 2024 and aims to bring together some of the biggest names in Roofing & Flooring Industries.

Underlining Hyve India's singular vision to create unmissable events worldwide, Roof India has seen unprecedented success in the last two decades with participation from 20+ countries spanning 4 continents and fulfilling the promise of a truly international experience.

The infrastructure boom has contributed to the meteoric rise of India's Roofing and Industrial Flooring industries. India plans on spending over US\$1.4 trillion on the development of various infrastructural projects with Roofing market expected to grow at an impressive CAGR of 7%.

Roof India 2024 will bring together manufacturers, suppliers, buyers, and importers among other stakeholders from the fraternity to connect and network with each other and form lasting business relationships for lucrative business deals.

On behalf of Hyve India, I would like to thank all the exhibitors, speakers, delegates, sponsors, partner associations, media and visitors for their contribution in making this event a success.

Message from The
Portfolio Director
Hyve India

It is again a great pleasure to welcome the industry at 21st edition of Roof India and Floor India exhibitions scheduled during 25-27 April 2024 at BENGALURU

Bolstered by the wide range of construction projects in residential and commercial sectors, the future of India's Roofing industry is looking up. While the Bituminous Roofing, known for its longevity and exceptional waterproofing is currently ruling the roost, in-roads in the demand and development of metal roofing, tiles & shingles and polycarbonate roofing have set the stage for the incredible growth in the Roofing and Allied industries.

Keeping in mind the large-scale expansion of the Roofing industry over the years, Roof India 2024 is designed to showcase the latest trends and technologies by leading exhibitors across the world. The event may be helpful for leading brands and market leaders to network, exchange ideas and strike lucrative business deals.

I would like to extend my heartfelt gratitude to all the supporting Trade Associations, Media Partners from world over..

My best wishes to everyone for a fruitful participation

(Gagan Sahni)

About Roof India 2024

The global construction industry was valued at \$12.74 Trillion in 2025 and secured a whopping 6% of the global GDP. A considerable share in infrastructure is taken by the Roofing segment, valued at \$120.34 Billion and only growing in numbers, owing to the popularity of a variety of roofing alternatives, more suited to all-weather conditions while aiming for durability and heat resistance. India's Roofing Industry, aided by the infrastructure boom, is growing at a CAGR of 7% and is expected to cross \$9.7 Billion by 2027.

About Roof India

Keeping this in mind, Roof India Exhibition, Asia's Largest Roofing & Allied Products Event is held every year to provide the ideal platform for the building construction and infrastructure industry fraternity to converge, network and strike lucrative business deals and establish business partnerships & joint ventures.
